

Trek Inc. has launched a new website to order parts online. However, in an effort to maintain the safety and integrity of our data and your information, TREK has updated the web site security.

Here's what has changed:

The next time you login to EzQuote, after you enter your User ID and password, you will see a screen for online registration. To register, you will need:

- 1. Your phone number or your email address, and**
- 2. Select and answer to 3 Knowledge Based Questions (KBQ)**

This will happen one time and will take a minute or two.

Once registered, you will get access to the EzQuote application just like before.

You will be able to login using your User ID and password. If you check the box marked "I normally login from this computer" then you will not see any difference. Otherwise you will be asked to answer your Knowledge Based Answer (KBA) questions.

In case you are logging in from a different computer than the one you normally use, the system will automatically detect that and will send a one-time passcode (OTP) to your phone (only cell phone number) or email (the choice you made during registration). You will need to verify this one-time passcode in order to login along with answering one of the questions you have setup during registration (KBA).

There is a limit to how many devices you can use to login. Please be aware of using concurrent logins on business and personal PCs and phones, or co-worker PC and phones. If your company needs to have additional staff to login, please fill out the form on website under RESOURCES, or contact Trek's branch you normally communicate with.

This has been done to ensure no one else but you have access to your account.

If you have any problems signing in, or any questions related to the website and its security, please contact our IT Department at 248.668.2111 or via email it@trekdirect.com

NEW EZQUOTE WEBSITE LOGIN GUIDE IN

STEP 1

Go to <http://www.trekdirect.com>

Click on ORDER ONLINE Link

STEP 2

A new browser window will open. This is the main screen of the new EZQUOTE website. Login with your normal username and password for EZquote, provided by Trek Inc.

The screenshot shows the homepage of the TREK Online Store. At the top, there is a navigation bar with the TREK logo (A Company of DCF) on the left and menu items: HOME, HOW IT WORKS, LOCATIONS, FORMS, CONTACT, LOGIN, and SIGN UP. Below the navigation bar is a large banner image of a yellow CAT skid steer loader with the text "Welcome To TREK Online Store" overlaid. Below the banner, a yellow vertical bar is followed by the text: "We have over 10,000+ UC, RT, G.E.T. Parts in our online store. Ordering parts online is fast and easy for our customers." To the left of the banner area is a list of 10 benefits, each with a checkmark icon. To the right is a dark blue promotional box for TREK tracks, featuring the TREK logo, the tagline "The Trusted Leader since 1957", a list of 3 benefits with checkmark icons, an image of a track, and the text "Contact your nearest Trek location for special offer".
